Visual Cue	Narration
Title Slide	Welcome to this Spoken Tutorial on Creating an API Key.
Learning Objectives Slide	In this tutorial, you will learn to, • Navigate to Google AI Studio. • Generate a new API key. • Copy and store the API key securely.
System Requirements Slide	Here I am using a browser on a computer. You will need a web browser and an active Google account.
Pre-requisite Slide	To follow this tutorial, you should have Module 2: Art of the Prompt.
Browser showing aistudio.google.com homepage	Open your web browser. Navigate to aistudio.google.com .
Browser showing Google AI Studio sign-in page, with focus on Sign In button	In the top right corner , click Sign In . Select your Google account .
Browser showing Google AI Studio interface, with focus on 'Get API Key' in the left panel	On the left panel , click Get API Key . This opens the API key management section .
Browser showing Google AI Studio, with focus on '+ Create API key in new project' button and new key appearing	In the center of the screen , click + Create API key in new project . A new key appears.

Browser showing Google AI Studio, with focus on the copy icon next to the API key	Click the copy icon next to the new API key. The key is copied to your clipboard. Store it securely.
Browser showing Google AI Studio, with focus on the list of 'Your API Keys' with the new key highlighted	Verify the new API key. It is listed under Your API Keys . Take note of the key.
Summary Slide	Let us summarize what we did. We navigated Google AI Studio. We generated a new API key. We copied it securely.
Assignment Slide	Now as an assignment, create another API key. Explore options for restricting its usage. Compare the results.
