

Introduction to Retrieval-Augmented Generation (RAG)

Spoken Tutorial

brought to you by

**EduPyramids Educational Services
Pvt. Ltd.**

Welcome to the Tutorial

Learning Objective

In this tutorial, we will learn,

- ▶ **Understand the core concept and benefits of Retrieval-Augmented Generation (RAG).**

System Requirements

- ▶ You do not need to install any special software for this tutorial.
- ▶ You only need a web browser.
- ▶ You can use it to find more information about AI and LLMs if you want.

Prerequisites

- ▶ **Basic understanding of Large Language Models (LLMs)**

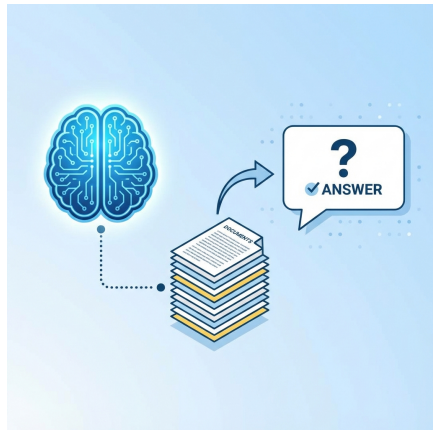

The Challenge of 'Closed-Book' AI

Introducing RAG: An Open-Book Approach

How RAG Enhances LLMs

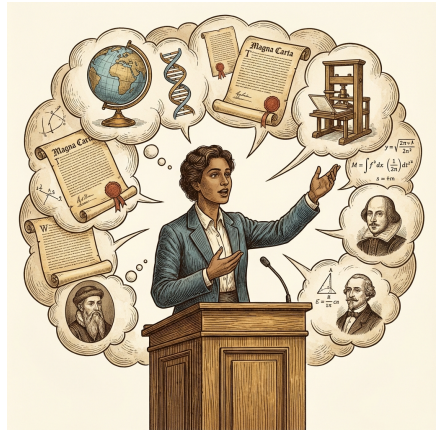

The 'Retrieval' Component: The Librarian

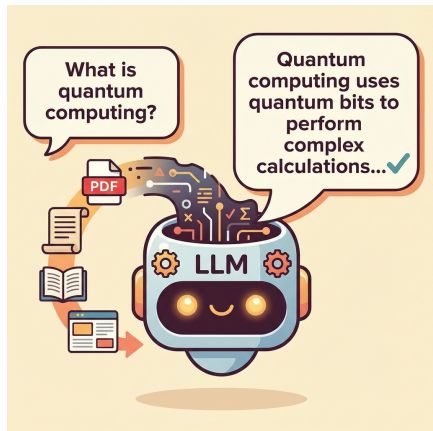

What the Retriever Does

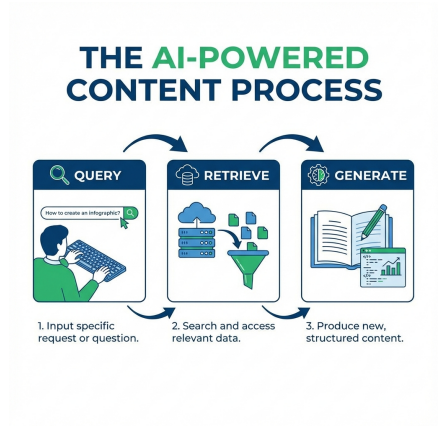

The 'Generation' Component: The Eloquent Expert

LLM's Role in Generation

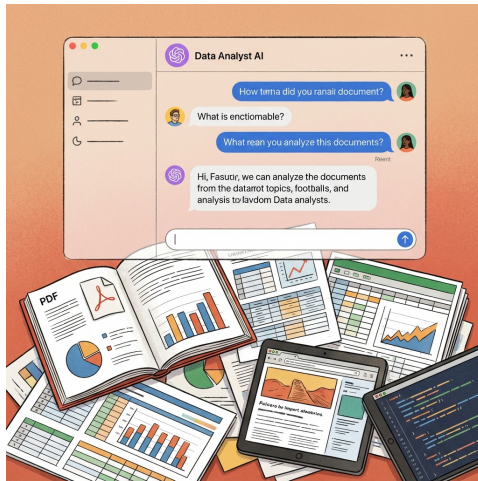

The 3-Step RAG Flow

Benefits of RAG: Truthful and Specific

RAG: Foundation for 'Chat with your Data'

Summary

In this tutorial, we learned that:

- ▶ **We saw how RAG uses found information with large language models.**

This helps AI give correct, provable, and helpful answers.

- ▶ **It solves the problem of AI using only its old knowledge.**

Assignment

- ▶ **Think of a place where RAG would be very useful.**
- ▶ **For example, how can it make customer support better for a product?**

Write down your ideas.
